RE: Navigational Touring Event – Saturday, August 17, 2019

To Whom It May Concern:

This letter is to inform your office as a courtesy that the Edmonton Rally Club (ERC) has organized a navigational touring event to take place on Saturday, August 17th. This tour will take participants from Nisku to Drayton Valley, using some of the scenic back roads located in Parkland County. The tour will take place from 9:00 am until approximately 7:30 pm. We expect about 25 cars to participate in the event and we will use another 8 vehicles with volunteers to observe and keep track of the event.

The object of the event is for the participants, working in teams consisting of one driver and one navigator, to follow a set of instructions and maps to correctly follow a scheduled route, with several stops at either scenic locations, or for fuel and snacks and to re-group. Our regulations and club insurance policy mandate that the speeds traveled by our participants are never more than 10% below the posted speed limits. This is not a performance event, and the kinds of vehicles used by our participants will range from sports cars to family wagons to pick-ups. We (ERC volunteers) will be out monitoring the progress of the teams at various hidden locations to ensure that everyone is correctly following the rules that have been set up for this touring event. The Stony Plain RCMP Detachment has also been notified.

Note that our route has been set up to avoid areas of high traffic congestion and speeding by any entrant is not tolerated. Normal flow of traffic will not be interrupted by this event and the roads consist of approx. 85% gravel and 15% paved surfaces. All entrants will be informed of the rules regarding no garbage left behind, noise, etc.

It is the intention of the ERC to have a successful event, and to cooperate with the County of Parkland and the RCMP in any way that may be requested of us.

If you have any questions pertaining to this matter, please contact the undersigned via email (myanth78@gmail.com) or by phone (587) 988-9364. Thank you for your time.

Sincerely,

Mike Thorn
