

# The 2019 Premier Building Solutions Northern Loon TSD Rally

SATURDAY AUGUST 17TH 2019

PRESENTED BY THE EDMONTON RALLY CLUB IN ASSOCIATION WITH THE DRAYTON VALLEY HOSPITALITY AND TOURISM AUTHORITY  
SANCTIONED BY CARS-RALLYWEST  
PART OF THE RALLYWEST TSD RALLY CHAMPIONSHIP  
<http://www.edmontonrallyclub.ca/new/tsd/northernloon>

The Northern Loon is a summer navigational rally hosted by the Edmonton Rally Club, and is a part of the Rallywest TSD Rally Championship. The event will be run under Rallywest rules, which can be found at [https://www.rallywest.com/f/docs/RALLYWEST\\_2005\\_REGS\\_Ver\\_Draft\\_1.pdf](https://www.rallywest.com/f/docs/RALLYWEST_2005_REGS_Ver_Draft_1.pdf). Pay special attention to Section 4.

Competing teams will be given straight-forward instructions in a standard route book, as well as some area maps. The approximate length of the rally is 400 km, of which no more than 15% will be on pavement, with the remaining 85% or more on gravel or dirt. There will be a maximum distance of 250 km between refueling stops. If you are concerned about the distance between fuel stops, please contact the organizers.

Accommodation in Edmonton/Nisku/Leduc for the night before the rally is recommended for all out of town participants. Please select the hotel of your choice – there are many in the Edmonton area. Both Expedia.ca and hotels.com often have decent discounted rates.

Accommodation in Drayton Valley, for the night after the rally, is recommended for participants. The banquet and celebration is a great alternative to driving home tired. Please join us at Oil Country Taphouse for a meal, some prizes, stories and celebration at the conclusion of this year's event!

## Introduction

This is the 14<sup>th</sup> year of the Northern Loon Rally, and will be an intermediate event. The Northern Loon started in 2005, and has seen various variations of routes, including going north to Athabasca, or west out towards Genesee dam. This year, we are heading out from Edmonton to drive some of the scenic and challenging roads south of the city, then down to Drayton Valley.

## Format

The Northern Loon is a TSD (time speed distance) rally, meaning that teams will be scored on their ability to match, as closely as possible, the given route, schedule and speeds. Regularity stages will have various average speeds for competitors to match, and hidden checkpoints along the route will record the specific times that teams pass by. Penalty points will be assessed for every second early or late. Teams will be given a generous time allowance on transit sections to get to the start of the next regularity or fuel stop.

## Equipment

Required: minimum of 1 reflective warning triangle (min size 30cm), basic first aid kit (Alberta No. 2 kit recommended), and a fire extinguisher (2.5lb /5BC). Open top cars require a roll bar. If auxiliary lights are mounted, they must be wired such that they are only operable with the high-beams on. Note: If you are having any difficulty obtaining any of the required equipment, please contact the organizers as soon as possible - we might be able to help.

Fuel for you and your car: If you have special dietary needs, it would be best to pack your own food to last you during the day. There will be some food available to purchase at the designated refuel stops, but choices can be limited. If you have concerns about your vehicles ability to make the required fuel distances, please make arrangements with the organizers.

## Scoring

Timing controls will be in regularity stages only, at various unannounced and hidden locations. Scoring is one point per second early or late, with a grace allowance of 1 second in either way. The maximum penalty that will be assigned at a single control is 300 points (5 minutes) and the maximum penalty for a regularity stage is 600 points (10 minutes). The team with the fewest points wins, and ties will be broken by the most zero scores, then the most 1 second penalties, etc. The organizers may decide to delay sections in order to keep the competitors together. If so, an information control will be set up to inform all competitors.

## Exceptions to scoring

A competitor coming upon an accident is required to stop and render aid if necessary (e.g. in case of injury.) In such cases, the competitor should record the mileage in the section, and the time when they stopped as well as the time they restarted, and give a written declaration of this to a rally official. Scoring adjustments will be made in such cases, and the crew should not try to regain the lost time until they reach a sufficiently long break (e.g. gas stop.) Declarations of time lost will also be considered for organizers' errors which make official time unattainable and other discretionary safety concerns. Competitors have 10 minutes after checking in at the end of the rally to submit their written declaration.

Note that while scoring allowances might possibly be made for unforeseen circumstances that delay competitors, there is some judgment involved in determining whether a time allowance is appropriate. Scoring and rally officials are the final judges of fact in these cases, once a request for adjustment has been made. Please try to be understanding and gentle with us.

Grievances of provisional results must be submitted within 15 minutes of posting. Results shall be final 30 minutes after the results are posted, or after the final correction, whichever is later.

Finally, there will be a light duty 4x4 sweep truck following the rally through every section, able to help competitors recover from mild excursions into the scenery (but may not be able to help every competitor in every circumstance). Please try to avoid needing such assistance. In the case where a competitor is stuck, but not injured or in any danger, they should wave rally traffic past and await the assistance of the sweep vehicle. Drivers are asked always to drive with their headlights on and to be particularly courteous to traffic not connected with the rally.

## Disqualification

Any infraction of local, provincial traffic laws and/or a Criminal Code offence, or any observed dangerous driving by any team will result in an immediate disqualification and removal from the

event. The organizers decision on any such case is considered FINAL and are NOT SUBJECT TO APPEAL.

## Awards and Classes

Trophies will be awarded to overall position and according to the classes laid out for the Rally West TSD Championship. The classes are as follows:

- Paper: No calculators, rally tables or accessory odometers.
- Calculator: Accessory odometers, non-programmable calculating devices that are not driven by a wheel.
- Unlimited: Unlimited equipment.
- Novice: Neither team member having entered more than 3 TSD rallies prior to the start of the competition year and navigation equipment to conform to calculator class.
- Historic: Vehicles manufactured 25 years prior to December 31st of the year proceeding the current competition year as per the date stated on the vehicle registration. For this year, that means that any vehicle manufactured before December 31st, 1993 will qualify. Equipment in this class is unlimited.
