6. Rallycross Classes

- Novice 2wd & 4wd: Any driver who has not received a podium position in any Rallycross Championship
- Expert 2wd & 4wd: Any driver who no longer qualifies as a novice, or opts out of the novice category, who does not qualify for Pro category
- Pro Class: Any driver who has received a podium position at 3 rallycross championships, 3 national/regional rally events, or upon competitor request and agreement by organizers
- Truck: All trucks
- Overall: All competitors compete in this class

Should you be unsure as what class you would fall under, please see one of the event coordinators for assistance with classing.

7. Entry

All competitors must be ERC members or other ASN/FIA club member in good standing. Non-members may purchase a one-day membership for \$20. Early bird event registration entrance fee is \$60 per competitor, per event. Early Bird pricing ends the Thursday prior to the event and increases to \$80 per competitor, per event afterwards. Promotional deal available in-person during the event at organiser discretion of \$20 for 2 laps and \$10/ per lap afterwards **everyone required to do one ride-along lap if they missed the drivers meeting to preview the course**

** Minimum age for entry is 14 years with a minimum weight 36 kg or (80lbs) and minimum height 145 cm or (4'9"). Proof of valid Learners Permit required at the drivers meeting/ registration. Learners Permit holders require valid class 5 driver licence holder to be seated in the passenger seat of the car during all competition driving as required under provincial learner permit rules **

Registration is available online through www.motorsportreg.com/orgs/edmontonrallyclub. In person registration available, Subject too organiser discretion

Maximum of number of entries depends on location, weather, track conditions, number of volunteers and is controlled at the discretion of the organizers.

Prior to entering the venue competitors, volunteers and spectators (if allowed) are required to sign an electronic waiver, whose instructions will be emailed to participants and also posted on the venue entrance.

8. Technical Inspection

Self-Declaration of the soundness of your entered vehicle and that all documentation required under section 27.3.2 of the RCRRs published by CARS is required at Registration. Technical Inspection forms are available at <http://www.edmontonrallyclub.ca> , these forms are for guidance, once the SpeedWaiver is completed it is assumed you have completed the self- tech on your vehicle.

The Organizer has the authority to remove any competitor from the event if the vehicle is deemed unsafe.

9. Championship

First place in class receives 20 points, second place in class receives 18 points, third place in class receives 16 points, and so on, down to 1 point for a 14th place finish. Each competitor will score 1 point for each entry in their class, and Fastest Time of Day for each class will receive 3 points.

Competitors will drop their highest scored run per day, and will drop one event from the Championship. If a competitor has missed any events, they will not drop any events.

If a tie is obtained, position will be determined by most amount of first place results, if this is the same, then most amount of second place results and so on.

10. Sponsorship

The 2025 Rallycross Championship presented by Edmonton Rally Club is not sponsored at this time.

11. Safety Equipment

The following safety equipment will be on site at all times and stored at an easily visible and accessible location:

- At least one fire extinguisher with a minimum UL rating of 10 BC, or two, with a minimum of 5 BC each; it is highly recommended that a fire extinguisher be at all flag marshal stations.
- At least one comprehensive first aid kit.
- Arrangements must be made prior to the event for emergency contacts.
- Location of closest public telephone must be noted. NOTE: Check cell phone for signal strength and charge if using one.
- A truck or heavy vehicle equipped with a towrope must always be available.

Helmets will be checked at registration. Helmets must meet minimum requirements under section 27.3.3 of the RCRRs published by CARS. A Sticker will be placed at the first events entered for the year (2025) noting its acceptance for the year.

When you line up for your first run, a scrutineer/organizer may check your car for helmet sticker, driver and waiver wristbands, functioning seat belts, secure seat mounts and loose objects in the car.

12. Competitive Runs & Timing / Penalties

a. Competitive Runs & Timing

No car shall start its run if another vehicle is on the course in a position that could result in contact between them.

A competitive run shall begin from a standing start.

A countdown shall be used in all cases when timing manually with a stopwatch, and timing will begin when the start marshal says "GO". If an automatically tripped timer is used, timing will begin when the vehicle trips the timer. When Electronic lights are used, the timing starts when the "green" light is shown.

Results will be determined by the cumulative times taken for all runs, minus the highest single run.

A competitive run shall end when the competing vehicles cross a predetermined flying finish line determined by an electronic finish beam, or a specific set of pylons if the electronic system is not working.

Competitors are expected to line up when their run group is called, and are expected to act as marshals when they are not competing.

Competitors must obey all traffic marshals.

DNF notification now has to be given to HQ/Scorer (Person running laptop). If you are pulling out of the event please let the person running the laptop know so that we can keep track of who is still running.

If Competitor is asked to stop while within their competitive run, the use of a Large Red Stop sign will be signaled. Competitor is to transit (drive at slow speed) to the stage finish where they will be able to restart their competitive run. If any Practice or excessive speed used, a one (1) minute penalty will be applied to their run.

b. Penalties

A penalty of 2 seconds will be added to the competitor's score if the competitor crosses the caution tape, or hits pylons or arrows used to mark important portions of the course. A penalty of 8 seconds will be added to the competitor's score if the competitor hits a "rock", comprised of 4 cones together.

A penalty of max time (to be determined based on course length) will be added to the competitor's score if the competitor is deemed to have gone off course during his/her run (300.000/s default).

If a competitor hits Timing Equipment, the competitor will be removed from the event and will not accrue any points from that event. In the case of intent of damage, the competitor may be responsible to replace timing equipment at the request of the ERC. A penalty ranging from 10 seconds to exclusion will be applied for non-compliance to any of the rules herein.

A penalty ranging from 10 seconds to exclusion will be applied for non-compliance to any of the rules herein. Jumping the start will be considered "off course" .

NOTE: Organizers can use laid down cones to indicate non-important portions of the course. Competitors are asked to avoid these but no penalty will be assessed if one is struck.

Riding on top of a car, speeding or drifting in the parking lot, service area or driveway is forbidden. That car will be disqualified along with all drivers. No questions, no refunds. The Organizer has the authority to remove any competitor from any event at any time for any reason.

13. Alcohol and Drug use

ALCOHOLIC BEVERAGES

Consumption of alcoholic beverages by any competitor, entrant, crew member, participant, or official before the end of any day's activities at an event is expressly forbidden. Each entrant or competitor shall be responsible for the conduct of his/her crew. Any competitor, crew member or official who has consumed any alcoholic beverage before the end of the day's activities shall not participate nor shall he/she be present or remain in any area likely to cause embarrassment to any competitor, crew member, organizer or official.

NARCOTICS AND DANGEROUS DRUGS

The use of any narcotic or dangerous drug by any competitor, entrant, crewmember or official prior to or during a CARS / RSO event is strictly prohibited.

14. General Supplementary Safety Rules and Regulations

Rallycross is intended for, but not restricted to, street legal, licensed passenger cars. All vehicles must be in a good state of repair and be in good mechanical condition. Particular attention will be paid to brakes, exhaust, and bodywork. Current Rallycross regulations can be found on page 166-172 here; <https://carsrally.ca/wp-content/uploads/2015/09/CARS-2025-En-Rule-Book-01.pdf>

Windows in the driver and co-driver doors must be rolled up during competition. Window safety nets must be used in lieu of having windows rolled up during competition as per Regulation 12.3.9.3.

Rally and gravel tires are permitted. Studded tires conforming to CARS Regulation 12.4.4 page 83-84

The maximum permitted noise level from the exhaust system shall never exceed 94dbA at any point at the rallycross site though all RPM levels. Spot checks may be taken on site.

Nitrous oxide systems are not allowed.

Batteries must be securely mounted with metal-to-metal mounts. If mounted inside the passenger compartment, batteries must be contained inside a covered non-conductive box (e.g.: a marine container).

Stock fuel tanks are acceptable. If fuel tanks are moved or added, a fuel-resistant and fire-retardant plate or shield is required between the passenger compartment and compartment or area in which the fuel tank is located.

Mounting for seats other than original must be such that they are securely attached to the floor of the vehicle in such a manner as to prevent the movement of the seat in case of an accident.

Refuelling is allowed at any time within the service area.
